I understand that the Plantation Hills Village Association (PHVA) regularly trims all the trees growing on the sidewalks of the Plantation Hills Village and hauls all the trimmings after the tree trimming activity is completed, at no cost to the landowners. I also understand that this activity is not only to maintain the cleanliness of our streets, but also to prevent damages to property and injury to persons who may be injured due to falling branches and other parts of the trees.

While I recognize PHVA's ownership of the sidewalks where trees currently grow, including the trees in front of my residence, I do not agree to have PHVA trim the tree/s on the sidewalk in front of my residence. As a result of this objection, I waive any claims against PHVA for injury to any part of my property which may arise due to the untrimmed trees in front of my residence. I further agree that I will be liable or responsible for any damage to any property and injury to persons, including death, that the untrimmed tree/s may cause in the event of any untoward accident, natural disaster or inclement weather. I also hold PHVA free and harmless from any costs, suits or actions which may be brought by any person as a result of damage or injury suffered as a result of my refusal to have the trees fronting my residence trimmed by PHVA, and agree to indemnify PHVA, its Governors, officers and employees for any cost or award which they may be adjudged to pay, including interests and costs of the suit.

Finally, I confirm that I have no cause of action against PHVA or against any person/s connected with PHVA and forever release the latter from any and all liability related to this matter.
